Richard Siegel is a Mental Health Counselor, licensed by the State of Florida. He is also a Board-certified Sex Therapist, which gives him a broad-based proficiency in the treatment of a wide variety of issues.

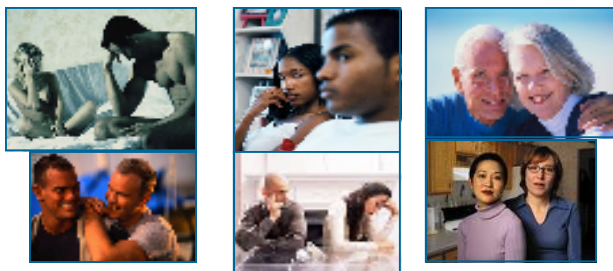

Having worked for the past 20 years in the fields of sexual & reproductive health, education, and chemical dependency treatment, Richard has a remarkable perspective on adolescent development, young adults' concerns with sex & drugs, and parent-teen communication.

Richard also has particular expertise in working with patients taking medications for depression, anxiety, and attention-deficit disorders, and has carved a unique niche in working with sexuality issues in addiction & chemical dependency.
